
RICOH TotalFlow DocEnhancer V1.3.2

Overview

RICOH TotalFlow DocEnhancer, a plug-in to Adobe Acrobat Professional, allows you to visually define and display enhancements on fully composed PDF files. Enhancements include creating bar codes and text and adding images and hidden areas. TotalFlow DocEnhancer is a smart and intuitive product that allows print providers to quickly enhance PDF files to streamline the production process.

RICOH TotalFlow DocEnhancer enables users to make changes to fully composed PDF files programmatically so last minute edits are made without the time and expense of sending the document back to the client for reprocessing. This release of RICOH TotalFlow DocEnhancer introduces the ability to insert pages to the target PDF file from external PDF files conditionally.

Highlights

This new release of RICOH TotalFlow DocEnhancer brings value in the form of improvements to the base product itself.

Final Release

Final Release Date is October 27, 2017.

Description

RICOH TotalFlow DocEnhancer

RICOH TotalFlow DocEnhancer provides the ability to define document properties and editing rules to be applied to PDF print files. RICOH TotalFlow DocEnhancer also allows you to visually define and display enhancements, including creating bar codes and text, and adding images and hidden areas. With this release, RICOH TotalFlow DocEnhancer introduces the following new capability:

- RICOH TotalFlow DocEnhancer now includes an improved PDF processing library. For most PDF files, the new library improves performance, reduces processing time, and uses less memory. When you open a control file created in a previous release, you can update it to use the improved PDF processing library.
- RICOH TotalFlow DocEnhancer now supports adding the Royal Mail Mailmark barcode type to PDFs.

Language support

RICOH TotalFlow DocEnhancer and the Verification Feature are available and supported in the following languages: English, French, Italian, German, Spanish, Japanese

Customer Responsibilities

The customer is responsible for installing, configuring, maintaining, and using the RICOH TotalFlow DocEnhancer™ according to documented procedures, and for using the product in accordance with the RICOH Software License Agreement (RSLA).

Terms and Conditions

The information provided in this announcement letter is for reference and convenience purposes only. The terms and conditions that govern any transaction with Ricoh are contained in the applicable contract documents, such as the RICOH Software License Agreement and the Ricoh Software Maintenance Agreement for Production Printing Software.

Licensing: The Ricoh Software License Agreement governs your use of the program. These programs have a One-time-charge (OTC) for use of the program, and an annual (or multi-year if available) renewable charge for ongoing support, which includes telephone assistance, as well as access to updates and new releases of the program as long as support is in effect.

Maintenance Service Offerings

RICOH TotalFlow DocEnhancer is covered by the Ricoh Software Maintenance Agreement for Production Printing Software. This agreement applies for subscription and support (also referred to as software maintenance) when purchased with the software product or as a subsequent renewal of software maintenance. The software maintenance agreement does not require customer signatures.

While your software maintenance is in effect, Ricoh provides assistance for routine, short-duration installation and usage (how to) questions and code-related questions. Ricoh provides assistance via telephone and, if available, electronic access, only to your Information Systems (IS) technical support personnel during normal business hours (published prime shift hours) of the Ricoh support center. This assistance is not available to end users. Ricoh provides Severity 1 assistance 24 hours a day, every day of the year. For additional details, consult the Ricoh website at:

<http://rpp.ricoh-usa.com>

Software maintenance does not include assistance for the design and development of applications, your use of programs in other than their specified supported operating environment, or failures caused by products for which Ricoh is not responsible under this agreement.
