SYMPTOM/DESCRIPTION – 4.2.3 Release

CAUSE – Product Release

SOLUTION/DETAILS

The 4.2.3 release is a new release and a follow on to the 4.2.2 release from earlier this year.

It is only intended for use for integration with MarcomCentral and Streamline NX version 3.1 (to be released early in 2018).

This release includes the following new function only, as well as translations for French, Italian, German, Spanish and Dutch:

- Support for integration with Marcom including Job Direct
- Support for integration with the soon to be released Streamline NX version 3.1

Included are:

- Updated Readme and About Box on UI
- The .iso files include full installers and documentation
