Overview

TotalFlow BatchBuilder V2.1 and V2.2 are being Withdrawn from Software Maintenance Service and Support on May 25, 2019.

This product cannot be ordered after May 25, 2018.

TotalFlow BatchBuilder V2.1 and V2.2 are being Withdrawn from Software Maintenance Service and Support on May 25, 2019

Once maintenance service and support is withdrawn, Ricoh no longer provides any support, such as assistance for installation, usage (how-to) or code defect related questions for that version and release level.

In order to continue to be eligible for this assistance under your Software Maintenance Agreement, the eligible software must be at the current version and release levels, which is available to you under your active Software Maintenance Agreement-

Therefore, in order to maintain your eligibility for this assistance, Ricoh suggests that you upgrade to the most current version and release level prior to the withdrawal of support for a given version.

Ricoh publishes the notification of service withdrawal on our web site at least 12 months prior to its effective date, so you have an entire year to plan your upgrade to the most current version and release level. The website is at <http://info.rpp.ricoh-usa.com/help/index.jsp> under the link for “Customer Reference Documents”.

If you choose not to upgrade, Ricoh will provide a prorated refund for the remaining value of your Software Maintenance Agreement, which will terminate that Agreement and end all further benefits.
