
GMC Inspire Entry Packages

Overview

We are announcing two new packages to the GMC Inspire portfolio. These packages provide a combination of design and processing modules at two different volume levels, providing dramatically lower entry price points.

- 1 Million Low volume output production package: included is one designer, all output protocols, and the license to produce 1 million pages per year.
- 5 Million Low volume output production package: included is 5 designers, all output protocols, and the license to produce 5 million pages per year.

Announce and General Availability Dates

Planned Announce Date: July 31, 2012

Planned Availability Date: August 3, 2012 in selected Geographies

Item Numbers

Item Number	Description
5799-GM8	GMC Inspire Entry Packages
5799-GM8-0117	One Million Low Volume Output Production Package
5799-GM8-0118	Five Million Low Volume Output Production Package
	GMC Inspire Entry Packages – 1 yr 5x9 Maintenance
5799-GM8-0119-9x5	One Million Low Volume Output Production Package-1 yr 9x5 Maintenance
5799-GM8-0120-9x5	Five Million Low Volume Output Production Package 1 yr 9x5 Maintenance
	GMC Inspire Entry Packages – 1 yr 7x24 Maintenance
5799-GM8-0121-7x24	One Million Low Volume Output Production Package-1 yr 7x24 Maintenance
5799-GM8-0122-7x24	Five Million Low Volume Output Production Package-1 yr 7x24 Maintenance

Description:

We are announcing two new packages to the GMC Inspire portfolio. These packages provide a combination of design and processing modules at two different volume levels, providing dramatically lower entry price points.

- 1M Low volume output production package: included is one designer, all output protocols, and the license to produce 1 million pages per year.
- 5M Low volume output production package: included is 5 designers, all output protocols, and the license to produce 5 million pages per year.

These volume-limited licenses provide for 1M or 5M pages produced annually. For the first year, the software price and maintenance is due. For years two and beyond, only the maintenance is due.

The following modules are included in the packages.

Inspire Designer:

The standard graphical design interface for the Inspire system. Extensive platform and protocol support ensure smooth integration with most existing environments to get applications into production quickly. Compatibility with Macintosh, Windows, and Linux / UNIX platforms makes Inspire a smooth fit into mixed production environments and job flows. Broad input and output support accommodates the diverse data streams and delivery options needed for a convergence of applications.

The Inspire Designer license includes:

- Workflow, Proof, and Output
- Data Handling Modules
- Data Processing Modules
- Data Integration Modules
- Layout Module
- Inspire Page Input Module
- 1D & 2D Barcodes
- Business Charts
- Impositioning
- External Gateway
- Page import - external XML created via GMC Quark Plugin
- Page import - external XML created via GMC InDesign Plugin
- DOC imports elements from MS-Word
- RTF imports elements from Word Processing Packages
- PDF Native import from Adobe specification PDF documents

The Inspire Designer includes the following features and functions:

Design and Layout:

- Graphical WYSIWYG page layout
- Multiple text, paragraph, border, outline & fill styles
- Placement of shapes, flow areas or image objects into flow areas containing text
- Align objects to each other and to page margins to simplify page development
- Table of content entries link to corresponding text headers
- Layout verification

Image and graphics:

- Dynamic charting
- Direct integration of images
- Pie charts, bar charts, pyramids, stacked bar charts, line graphs with legend boxes
- 2D radar, 2D and 3D cone charts
- Object rotation, grouping & 2D transformation

Pagination:

- Variable page selection
- Data-controlled pagination to eliminate guesswork
- Widow / orphan logic for tables & sections for accuracy and best use of space
- Automatic continuation headers for tables or sections flowing across pages

Color:

- Advanced color management; color matching and gamut check
- Advanced color IPDS support
- Dithering algorithms for improved color output criteria

Fonts:

- Superior font handling & management
- Centralized font libraries with no local installation
- Font bundling with job files for portability
- True Type, Open Type, Adobe Type 1, CFF, CID, Bitmap fonts

Barcodes:

- Postal & code 39; 1D & 2D bar code support
- Capabilities for specifying and fine tuning barcodes

Note: Some functions require licensing of additional modules.

Output Protocols:

Both entry packages include the production formatter and the full slate of output protocols. The output data streams included are:

- AFPDS
- IPDS
- Creo VPS
- HP SVG
- Image/Text/Simple HTML/Raster
- Metacode
- Multi Output
- Miyakoshi
- Nexpress VDX
- PCL/PS
- PDF
- PODi PPML
- Inspire Native Output (TNO)

- Screen TOP
- Versamark
- Xerox VIPP

Program Licenses

These non-RPPS products are licensed under the terms and conditions of the license agreement of the owner, author or publisher which is provided with the product."

Customer Responsibilities

See applicable GMC agreement.

Printers and Hardware Supported

Refer to GMC documentation for details on native printer support.

Publications

Refer to the GMC web site for access to product documentation.

Licensing

The information provided in this announcement letter is for reference and convenience purposes only. The terms and conditions that govern any transaction with Ricoh Production Printing Solutions (RPPS) are contained in the applicable contract documents. GMC Inspire is a product of GMC Software AG, not RPPS. Neither party has any responsibility for, or makes any representations or warranties, regarding the other's products or services.

Maintenance Service Offerings

The terms of maintenance, warranty, and support are governed by the GMC license agreement.

Configuration Requirements

Contact your Ricoh field technical support for assistance in configuration. A summary of the configuration rules is in the Item Number Table in this document.

Ordering Information

New Order Instructions

GMC Inspire is a configured software product.

Maintenance must be ordered separately.
