## **Mail Manager Full Service**

---

### **Overview**

---

Ricoh Production Print Solutions (RPPS) is announcing:

- BCC Mail Manager Full Service

BCC Mail Manager Full Service combines the typical set of postal functions required by high-volume mailers. These functions include palletization, package services, mail manifesting, and mail.dat, plus Taskmaster and Job Manager for process automation. In addition, in comparison with BCC Mail Manager, the BCC Mail Manager Full Service product adds such performance features as a proprietary processing engine for address encoding and the ability to handle large (greater than 2GB) files.

BCC Mail Manager Full Service is a constituent component in the Ricoh Mail Services offerings.
