
PCL2PDF - Limitations from a Previous Release

This document contains a short description regarding the limitations for PCL2PDF, version 1.3 compared to version 1.2.

The current limitations with the PCL2PDF transform include:

- Both owner and user passwords must be specified for permissions to apply correctly. For more information on the PCL2PDF parameters, see topic **Parameters** from **PCL2PDF User's Guide, Version 1.3**.
- Revision number for encryption method is V2, from PDF reference documentation.

Changes in Version 1.3:

New:

- When specifying -p, the command line paper size parameter, not all paper sizes and types are supported. For more information on paper type and size, see topic **Parameters** from **PCL2PDF User's Guide, Version 1.3**.

Changed:

- No limitation has been changed in version 1.3.

Removed:

- No limitation has been removed in version 1.3.

For more information on PCL2PDF, see **PCL2PDF User's Guide, Version 1.3**.
